

News - June 23, 2010

Just returned from the first silat seminar in Australia and what a pleasure it was to have students who had been enrolled in the distance learning program and were up to speed on both the Sera Depok and Seated Jurus. They appreciated what was taught and were all on the same page.

They were enthusiastic and we accomplished a lot of fine tuning. This is a very serious group of very good fighters and Mr. John Aurnia has done a great job with them.

Watch out for lots of great things from these guys and I look forward to seeing them again next year.

Here is a group shot from the first An Maide Mear Eire Irish Stick Seminar in Australia. The seminar was a great success and being enrolled in the distance learning program the students were already very sharp. We made a lot of progress in this seminar and we talked about some of the internal aspects. Everyone got fired up with good Irish music and stick dance sparring.

Lots of power was generated in this seminar both internally and externally. Everywhere I go and everyone I meet who sees this stick system loves it.

I suspect many more will be picking up the Swift Stick “down under”.
